IOSEPHUS IUSTUS SCALIGER
IUL. CÆSARIS A BURDEN F.

DANIEL HEINSIUS BIBLIOTHE-
CARIUS ET POLITICES PROF.

Jediná? Výjimečná?

Jak se učinit srozumitelnou? Jak se prezentovat? Jak pracovat s předsudky?

falešná skromnost, „holčičí hlouposti“, křehkost a bolest
muliebres carmina, nugae, carmina rauca puellae
simplicisque Musae hallucinatio

*Ergo quod in versu vel pecco vel ordine currunt/ Singula
confuso, dic age, Virgo dedit.*

zdrobněliny

pasivní autorství

*Apollo jussit illice/ Me thyrso, amabiles palam/ Hic
incitare versibus,/ Monent Sorores et Charis.*

touha po uznání, oplácet závazky, „vaše holčička“

Purga me! Doce!

Sic mihi non vinctus, nec mihi victus eris.

„DESÁTÁ MÚZA“: JAK HUMANISTIČTÍ BÁSNÍCI PSALI (O) WESTONII?

ZÁZRAK!

divum miraculum, prodigium humanum

VÝJIMKA!

*poetria in toto terrarum orbe sola et unica
... quae sexus sui transgressa leges...
Doctior in terris nulla puella fuit.*

ECCE NOVUS SEXUS!

*Haec laus sola tua est Westonia, vincis
utrumque/ Sexum, et te superas laude, velut
mulier.*

*Res nova! Pluris id est, iam mascula carmina
Vatis/ Virgo dat, et vates vincit in arte mares či
nata viris palmam praecipuisse suam.*

PANENSTVÍ, ASEXUÁLNOST

Angla vel angelica es? Vel prorsus es angelus?

Immo/ Si Sexus vetat hoc: angelus est animus.T

MATERSTVÍ

Ergo etiam Musae pariunt? Quis crederet illud?/
Et tamen hocce ratum Westona Musa facit./ .../
Quae rem Musarum studio fulciret et arte/
Materna, et Musis sic bene staret honor.

BOHYNĚ!

*Sacrarum ordinibus fuit adscribenda Dearum
Ipse, inquam, numen sentio dulce tuum,...*

DESÁTÁ MÚZA!

*Nata tibi soror est, altera Musa mihi./ Est
aliquid, sterili quod non licet esse Poetae,/ et
faveat Musis altera Musa meis.*

*Expertus testor Numinis: nam simul/ Afflatus aura
Westonidis fui.*
